Ready for a ride?!!

What the BLEEP!?! – Down the Rabbit Hole

The extended Director's Cut

With 90 minutes of brand new interviews, never before seen footage, two new scientists, Dean Radin, Ph.D. and Dr. Masaru Emoto, interviews with author Lynne McTaggart, three new sets of animated footage, including Dr. Quantum Visits Flatland, *What the BLEEP - Down the Rabbit Hole* is sure to satisfy Bleep fans and blow newcomers away with its intelligent, fast-paced, scientific look at life, thought, quantum mechanics, consciousness, reality, religion, spirituality and more!

This is *the* movie BLEEP fans have been waiting for, as well as the perfect riposte to criticism that physics, consciousness studies and movie audiences do not mix.

Down the Rabbit Hole presents stunning new experimental results that further support the mind-bending concepts contained in the first film. It dives deep into Alice's rabbit hole, exploring and explaining the weird science of the quantum realms that affect our everyday reality ... whether we know it or not!
